JACKSONVILLE, Fla. (AP) — The FBI is looking for a red-haired pilot who stole a twin-engine plane from Jacksonville Airport, flew it to Puerto Rico by way of Venezuela, and abandoned it outside San Juan.

The agents also would like to talk with four passengers he picked up somewhere along the way. Where they got on or off was unknown.

The aircraft is a \$250,000 turboprop which had been used as a company plane by the Lehigh Cement Co. and was being offered for sale.

Pilot Sherrell D. Roberts said the young thief came to look at it last week and said he would be back.

A man who identified himself as an airplane broker called the airport Friday and said the young man had bought the plane.

A few hours later, the mystery man showed up at the field, boarded the plane and flew away.

He next appeared at Fort Lauderdale where, authorities said, he bought gasoline with a bogus credit card and filed a flight plan for San Juan.

His next known stop was at Grand Turk Island, about 350 miles northwest of San Juan.

Air Force personnel at a U.S. base there refueled the plane, and, after the pilot remarked that he wasn't exactly sure of the way to Puerto Rico, pointed him in the right direction. Airman said the pilot by then had acquired four Spanish-looking passengers.

Some hours later the plane showed up in Caracas, Venezuela, about 500 miles south of San Juan. The pilot used his bogus credit card again for more gas, and headed north.

This time he landed at an abandoned airport outside of San Juan. He abandoned the airplane and has not been seen since.

Meanwhile, the airmen at Grand Turk had become suspicious and contacted the Federal Aviation Administration in Miami. The FBI was called in.

The Coast Guard had been searching for the flyer because he failed to show up in Puerto Rico on time. The search was abandoned when the FAA found that the aircraft number on the flight plan belonged to a single-engine plane sitting in a hangar in Texas.

All this time, about the only people who weren't looking for the plane were its owners.

Roberts said nobody noticed it was missing until the FBI telephoned from Puerto Rico Sunday to say, "We've got your airplane."

## School Reports on Title 45 Operation

In response to some inquiries from interested parents, Superintendent of Schools, James H. Jones gave the following summary of the activities being conducted in the local secondary schools financed by the Emergency School Assistance Program.

Funds derived from the Emergency School Assistance Program can only be used in the solution of problems related to school desegregation. The only limitations in the application of these funds are that they cannot be used for school construction or to subsidize teachers salaries.

Teacher aides, both clerical and tutorial, have been employed in Yerger Junior and Hope Senior High Schools to assist teachers in individualizing instruction. Members of the instructional staff are engaged in study and inservice training in more efficient methods of instruction. Both instructional materials and equipment are being acquired to aid students to work at their different academic ability levels.

Dale Dranks, Supervisor of Instruction for Hope Schools, is Assistant Project Director and Executive Officer. Mr. Franks has, with the aid of local organizations, formed an advisory committee to assist school personnel in the operation of this project. The committee is composed of the following members: Mrs. Norman Gilbey, W.V. Rutherford, Casye Smith, Mrs. Betty Loe, Mrs. Jewell Moore, Jr., Charles Cooper, Mrs. Nicky Allen, Jim Hart, W. M. Muldrow and Willie Brandon.

Inc. members, asked in a letter to Mitchell that the government intervene at AM&N "so that the law of the land will prevail."

Lybrand said he had applied for the position of personnel administrator at the college.

no point in war." He told his party, however, that "if the war is resumed, we will fight."

Israel broke off of indirect negotiations with Egypt and Jordan at the United Nations on Sept. 6, charging that Egyptian movements of anti-aircraft missiles toward the Suez Canal had violated the cease-fire which was preliminary to the talks.

Deputy Premier Yigal Alon told another Labor party meeting Sunday that the Israeli government has "moral, political and military justification" to go back to the talks. Otherwise, he said, the world would blame Israel for the failure to achieve peace.

The deputy premier said the Israeli Cabinet would decide in a few days what conditions are necessary before the talks can be resumed. These will involve the Egyptian missile buildup along the Suez canal, he said, but he gave no indication what modification Israel would make in its demand that the missiles be returned to their disposition before the cease-fire. Egypt has said repeatedly it will move no missiles back.

The Israeli government today accused Egypt of building more new anti-aircraft missile sites in the 30-mile standstill zone along the canal. It was the 24th Israeli complaint of missile activity since the cease-fire went into effect Aug. 7 and the fourth since renewal of the agreement on Nov. 6.

The Israeli Cabinet on Sunday authorized Dayan to discuss political questions with American officials when he visits the United States next month on a bond-selling visit.

## U.S. Ship Fire Brings Scot Protests

HOLY LOCH, Scotland (AP) — A fire aboard an American nuclear base ship brought protests today from Scottish politicians fearing atomic disaster.

The fire killed three sailors Sunday aboard the U.S. Navy's 22,000-ton Canopus, a mother ship for Polaris missile submarines. Two subs were submerged alongside at the time.

Frank McElhone, Laborite member of Parliament from nearby Glasgow, said he would demand an immediate British inquiry into the ship's safety regulations.

A similar demand will be raised in Parliament by Norman Buchan, Laborite member for the West Renfrew area, which includes the sub base at Holy Loch.

U.S. Navy spokesmen denied that the fire endangered anyone except personnel aboard Canopus.

them in connection with any medical-practice project.

Bornemeier put it this way in his presidential report to the AMA's House of Delegates:

"As the concept of charity medicine gradually disappears because of the growth of comprehensive insurance plans, we should consider inducements to doctors to establish private practice groups in the ghettos."

He said consideration should be given to acceptance of low-cost federal loans or federal grants "in areas where banks may be reluctant to loan money, in order to encourage groups to

Bornemeier told a news conference later that it costs more for a doctor to carry on a practice among the poor than among middle-income and affluent patients because of such problems as "inducing a woman who is three or four months pregnant" to seek medical attention.

## NIXON TO (From Page One)

Ronald L. Ziegler had said the new alert will be tougher on what the administration believes are excessive wage and price hikes.

Talking about the largest increase in consumer prices registered in six months, Ziegler said, "We will have to intensify our efforts to deal with this matter."

But the sources said Nixon is not applying direct pressure or persuasion or setting voluntary wage-price guidelines as was tried under the Johnson and Kennedy administrations.

The inflation alert comes as Nixon worries about inflation factors, including:

—The new three-year GM-UAW pact providing first year wage increases of between 49 and 61 cents hourly for the first year with an automatic 3 per cent increase and a penny-an-hour advance for each four-tenths upward movement in the government's Consumer Price Index in the second and third years. Average hourly pay under the old contract was \$4.02.

—Though the negotiators for the UAW and Ford Motor Co. will probably hammer out a settlement before a strike deadline next Monday, the resulting contract is expected to at least match the GM pact.

—United Steelworkers President L. W. Abel has put the steel industry on notice he will seek "a very substantial" pay hike as well as the first cost of living clause in the union's history. Talks with the nation's No. 1 steel maker, U.S. Steel Corp., begin next year.

—The Labor Department said Sunday the average pay of firemen and police patrolmen has increased by 9 per cent over the last year.

—The department also provided record-breaking evidence of the effect of the GM strike. It said there were 10 million man-days lost in October, the highest figure for a comparable period in 10 years. Some 7 million of the lost days were accountable to the GM walkout.

—The recommendations of a presidential emergency board that unions representing 80 per cent of the nation's rail workers be awarded an 11 per cent wage hike over three years.

The lines have accepted the proposal which calls for the largest increase in railroad history. The four unions involved say it's not enough.

# SW Bell Cable Job Completion by Dec. 31

Southwestern Bell's big buried cable project to provide improved service for rural customers in the Hope area is progressing on schedule.

"We should have all this cable buried by December 31," Wire Chief Bill O'Neal said. "Of course, bad weather could slow us down, but we'll be through by that date if the weatherman cooperates. 'All areas where cable is buried will be restored.'"

The cable is being installed at a cost of \$230,000 to provide better grades of service to rural customers in the Hope area.

"We are burying as much of this cable as possible for a couple of important reasons," O'Neal said. "First, buried cable protects circuits from bad weather, such as ice, rain and wind. This makes customers' service more dependable."

"Underground cable is also out of sight and thereby doesn't detract from the surroundings."

The wire chief said he hoped the necessary work in burying the cable has not caused residents too much inconvenience.

"We know some problems are caused when we bury cable near streets and roads, but we are working to complete the project just as rapidly as possible," he noted.

The wire chief added that customers will be pleased with the improvements in rural service this construction will bring.

Included in the new cable route are sections of South Main, Patnos Road, Rocky Mountain Road, Highways 4 South, 29 South, 67 East and Highways 32 and 174.

## Fulbright Says Military Is Running U.S.

WASHINGTON (AP) — Sen. J.W. Fulbright, chairman of the Senate Foreign Relations Committee, says William P. Rogers and the State Department he heads are second to the military in determining United States foreign policy.

"The military establishment," Fulbright said, "runs the whole country."

Fulbright challenged a statement by Rogers that American actions are not escalating the war in Vietnam. The war, he said, has seen intensified U.S. action.

The Arkansas Democrat appeared on the CBS television-radio program "Face the Nation."

Meanwhile, South Vietnamese Vice President Nguyen Cao Ky forecast more raids like that earlier this month to free American prisoners of war in North Vietnam. Ky said these raids are likely if there is no progress on the POW issue at the Paris peace talks.

## Associated Press Writer

WASHINGTON (AP) — The Black Panther party, temporarily scrapping plans to write a new U.S. Constitution, have turned instead to a long-term goal of a utopian Communist world society free of oppression.

About 5,000 delegates representing racial minorities, women and homosexuals flocked to Washington over the weekend to the Revolutionary People's Constitutional Convention, which was to have acted on ideas threshed out in workshops at Philadelphia over the Labor Day holiday.

But it was a convention without a convention hall, and delegates spent much of their weekend drifting aimlessly until a Sunday night speech by Huey P. Newton, the Panthers' minister of defense.

"We will hold our Revolutionary People's Constitutional Convention for a raincheck until such a time as we liberate Washington, D.C., and then we'll hold it in the White House, but we'll call it the Black House," Newton told 400 persons in a church while another 1,000 listened outside via loudspeakers.

He described the Panthers' goal of a "new world" society without boundaries, where everyone would have an equal voice, work would mean "meaningful play" and each person could produce to his ability and take according to his actual needs.

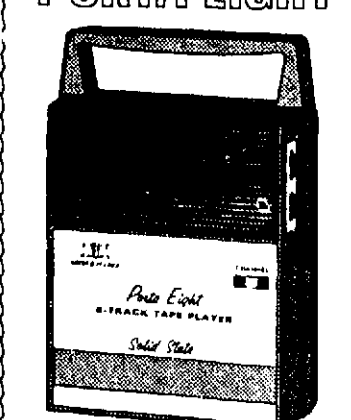

Newton also explained how the party's ideology had evolved, first from nationalism to "revolutionary nationalism within a socialist framework," followed by international socialism and the current goal of "revolutionary intercommunalism" and ultimately true communism.

And, borrowing a phrase from Mao Tse-tung, Newton said, "In order to get rid of the gun, it is sometimes necessary to take up the gun."

But the weekend was free of violence, with the aid of Panther marshals who maintained discipline when delegates became restless, and Newton's speech was relatively free of anti-police slogans.

Newton blamed Howard University, a predominantly Negro institution, for sidetracking the convention by withdrawing an offer of its facilities after it said the Panthers didn't meet prior conditions.

## Plant Cuts to Four Day Week in Colorado

By J. HUNTER HOLLOWAY

Associated Press Writer  
LITTLETON, Colo. (AP) — Paul Patterson's Jeep is parked outside, ready for three days of "snow-busting" in the high Rockies overlooking this fashionable Denver suburb. Lori Coffelt is looking forward to three days with her children. Executive George Gregory has a golf date Friday, and plans to finish paneling his basement playroom the rest of the week-end.

"Rest of the weekend?" Right.

Come 4 p.m. every Thursday, Paul, Lori, George and 450 other employees of C. A. Norgren Co., walk out of their modern plant, drive through the landscaped grounds and begin a three-day weekend.

Norgren's employees put in 37 hours a week at work. But it's spread over four work days, not five.

A United Steelworkers union survey shows Norgren is one of at least 27 companies—employing a total of some 6,500 people—that now have a four day work week in one form or another.

The four-day week, a dream of most every working man and the goal of many unions, is just one of many innovations adopted by Norgren, a manufacturer of air processing systems which prides itself as a long-time leader in industrial relations.

Profit sharing came 25 years ago. Pleasant working conditions and music piped through the airy lunchroom are other innovations. So's the landscaping around the sprawling two-story brick and stone building.

The \$15-million-a-year family-owned company instituted the four-day week on Aug. 31. It meant going from a traditional 40-hour week to 37 hours, and amounted to an hourly salary increase of 7½ per cent.

The company says applications for employment jumped 300 per cent the week after the announcement, and have held at that level since.

"It's kind of early to tell just what economic effect it's having on us," said George Gregory, head of Norgren's advertising and marketing. "We get the general feeling we will be able to maintain or increase our production." He said a detailed study of the economic impact had not been completed.

The great majority of the employees like it, he said, although "there were a few grumbles about the long hours."

The plant runs two shifts, the day shift from 7 a.m. to 5 p.m. Monday through Wednesday, and 7 a.m. to 4 p.m. on Thursday. That's 37 hours, with a half hour for lunch. The night shift comes on at 5 p.m. and works through 3 a.m. except on Thursday when the shift ends at 2 a.m.

With a degree of pride, Gregory said unions had attempted to establish themselves at Norgren twice in the past. "They weren't successful," he said.

One immediate asset from the innovation, he said, was the problem of shipping.

"Now," Gregory said, "we are ready to ship Thursday afternoon, instead of Friday."

The crates of valves, filters and other products which Norgren makes to protect air operated equipment, are picked up from the loading dock Thursday and reach the express agency in downtown Denver that evening. "That means they leave town early Friday," Gregory said, "and frequently are delivered to our customers by Monday."

Before the four-day week, he said, shipments did not leave the city until Monday. Most of Norgren's domestic customers are on the East Coast or in California, he said, "and that two days makes a difference."

Suppliers, on the other hand, have found that they must make deliveries Monday through Thursday.

Employees agreed generally that the third day off was expensive. "It cost me money," Gregory said, noting he had purchased two suits on a recent Friday. "We have more time to spend money," Patterson explained.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer  
NEW YORK (AP) — Big John Wayne mounted an all-out attack Sunday night: 90 minutes of NBC time in a television variety special that mixed history, drama, song, dance, comedy and a hemp of preaching.

"Swing Out, Sweet Land," the vehicle for Wayne's first appearance as a TV star, had a simple, direct theme, expressed by Glen Campbell in the opening moments when he sang "This Is a Great Country," and in the final moments as the huge cast sang "God Bless America."

It was well-intentioned, hopeful and frankly patriotic. But despite the biggest turnout of stars since the last Emmy awards broadcast, it just didn't work very well.

Probably the problem was size, with too many big guest stars to be fitted into appropriate niches. There were the "Bonanza" brothers playing Peter Minuet and an Indian chief haggling over the price of Manhattan Island. There was Bob Hope, clutching a golf club and entertaining the troops at Valley Forge. There was Lorne Greene, as Washington, explaining his silver-dollar-throwing prowess to Jack Benny which led, of course, to a Benny miser joke. Dean Martin was presented slyly as the inventor of the cotton gin. Tommy Smothers was a printer's devil given a chance to read an editorial on dissent.

Rowan and Martin did one of their nonsequitur conversations as the Wright brothers. Red Skelton was a printer—without any good lines. And Lucille Ball read a prayer as the voice of the Statue of Liberty.

Johnny Cash, Leslie Uggams and Roy Clark sang. Ann-Margret danced. Dennis Weaver played Abe Lincoln's father. Bing Crosby was made up to look like Mark Twain and talked about the brotherhood of man. Wayne got into the saddle once and then roamed around a ghost town talking about the good old days. The Boston Tea Party was staged; a huge set showing the United States split in half to show the Civil War. It was all on a very large scale.

But it missed. Despite the lofty sentiment and ideals, nothing that was done touches the viewers' emotions, more is the pity.

Earlier, also on NBC, an hour was devoted to a behind-the-scenes look at the making of the hit motion picture, "Butch Cassidy and the Sundance Kid." If one had not seen the film, it was a waste of time.

"Pets Allowed," a children's special on NBC Saturday noon was geared to the very young viewers. It showed an assortment of domesticated animals and their owners. It was low-key and Sid Caesar handled the commentary with broad humor. If there was a message, it was the example of gentle handling and good care of family pets.

LISBON (AP) — West Germany's ambassador to Portugal, Dr. Hans Schmidt-Horck, and his wife committed suicide during the night, the embassy announced today.

A brief statement said the couple killed themselves for "private reasons."

He and his wife, Barbara, had two children.

TRIAL MARRIAGE? BETTER THAN...  
Dear Helen:

I was rabidly against trial marriages or five-year renewable marriage contracts, until...

Our daughter got married to the tune of about \$2,500 out of poor old pop's pocket.

Now, she is getting a divorce, less than a year later, and guess who's paying through the nose again!

We were almost sure it wasn't going to work, but you can't tell lovesick girls anything. Had she decided for a "trial" arrangement the wedding would never have happened. More important, there would have

## TV Cassette Revolution

HOLLYWOOD — (NEA) — The word "replication" has been in the dictionary a long time, but it has largely been overlooked. It means, in a secondary definition, a copy. And it's a word that this town, and perhaps the general public, will hear a lot in the future.

The video cassette people are the ones who are using it, with good reason. Video cassettes—devices whereby you'll be able to show your own choice of films over your own TV sets—are very important in Hollywood's future.

But the problem today is that nobody knows for sure which one of several systems—Ampex, Avco, CBS, Norelco, RCA, Sony—will be the generally accepted one. Or if, as is more likely, two or three of these will survive. Each of the systems employs different hardware—size and shape of cassette and type of tape.

That's where "replication" comes in.

"You'll hear the word a lot," says Tom McDermott, RCA's vice-president in charge of SelectaVision (its brand of cassette hardware) programming. "The several cassette systems of the various manufacturers are not compatible. If you have an RCA SelectaVision system and get a CBS EVR cassette, you won't be able to play it. But it is possible, through replication, to copy a film and make it over so it fits another system."

This is the first time in its long history, as far as McDermott knows, that RCA is planning to do its own production. The giant has generally made equipment and let NBC or other subsidiaries create programs. But now they have hired McDermott, who used to run Four Star, to produce cassettes.

been none of this bitter feuding and the "failure complex" our daughter now has. At the end of the year (perhaps before) they would simply have agreed they weren't right for each other. Sure, there'd be tears and angry words, but not such lasting scars.

In these times, when nothing seems permanent, I vote for an end to elaborate weddings and "forever" vows that seldom are! —FATHER OF THE DIVORCED BRIDE

Dear Father:  
You have lots of company, from Margaret Mead to a growing number of young people.

Comments anyone? —H.

Dear Helen:  
Today I saw my estranged wife. I scarcely recognized her, for she had on makeup, her hair was fixed up, and she looked sharp. She even had a smile on her face, something I seldom saw when we were together.

I'm not excusing myself. I stepped out, and she had a right to leave. But maybe if she had looked the way she did today, more often, I might not have looked elsewhere.

At any rate, I was a fool and I want her back. She seems agreeable, but don't want things as they were before. If I'm willing to sign a document stating that I won't chase other women, do you suppose she'd sign one promising to keep her weight down and her appearance up? —WANTS TO MAKE IT LEGAL AND BINDING

Dear WTMILAB:

Why not? And while you're at it, how about a written agreement that each will make every effort to see the other's side? —H.

Dear Helen:  
You won't believe this, but my 73-year-old husband is becoming a dirty old man. He chases every woman who comes to our house, then denies it!

Not that he'd be a threat if he caught one, but it's very embarrassing, especially when there are teen-aged girls around and he begins to act silly, patting them, and flirting with them.

He even kisses our granddaughter with more than grandfatherly affection. If I tell the family about this, they wouldn't believe me, or they'd brush it off as "sentimental old age."

What can I do? —ASHAMED

Dear Ashamed:  
It probably IS about half "sentimental old age," the other half regret for things past. Inasmuch as your husband is "no threat," why not try to understand. I'm sure others do. —H.

## Pressure on for the Big Shootout

By MICHAEL A. LUTZ  
Associated Press Writer

The Southwest Conference football season is over for all practical purposes—except for Saturday's Big Shootout No. 2 between Texas and Arkansas.

It will be played in the pressure cooker atmosphere of Austin's Memorial Stadium and the chips riding on this one would make a gambler gulp.

The winner scoops up the Southwest Conference championship, the host role in the Cotton Bowl, and a shot at the national championship.

Top-ranked Texas and sixth ranked Arkansas enter the game with unblemished 6-0 SWC records.

For added spice, the Longhorns carry a 29-game winning streak against the Razorbacks and there'll be a nationwide television audience watching.

Texas hopes to have its Wishbone-T offense humming, and Arkansas is looking for a super effort from rubber-armed quarterback Bill Montgomery, but there are some injuries that could throw some kinks into either team's plans.

Arkansas could have trouble on its offensive line with guard Tom Reed now recovering from an injury.

But the Razorbacks look most anxiously toward the return of tailback Bill Burnett, the SWC all-time leading scorer, who suffered a shoulder separation in the Texas A&M game and has not played since.

Arkansas Coach Frank Broyles says he is "hopeful" that Burnett, best known for his vicious runs inside the 10-yard line, will be able to play against the Longhorns.

Texas Coach Darrell Royal also is counting his hospital list. Steve Worster, second runner-up for the Heisman Trophy, suffered a hip bruise in Texas' 52-14 rout of Texas A&M last Thursday.

Defensive end Bill Atessis is recovering from a pulled hamstring, quarterback Eddie Phillips has a minor knee injury and halfback Jim Bertelsen has a banged up arm. Both Worster and Phillips are expected to go full speed this week in drills.

While Cotton Bowl bound Notre Dame was taking it on the chin 38-28 to Southern California Saturday, TCU defeated Southern Methodist 26-17 for the unofficial SWC "church school championship" and Rice trimmed Baylor 28-23 in season finales for all concerned.

It was more than the final game for TCU's Fred Taylor and Rice's Bo Hagan, who finished their tenures as head coaches. Hagan resigned several weeks ago and Taylor was fired at TCU last week.

Rice finished with a 3-4 SWC record and tied with SMU and TCU for fourth place. Baylor had a 1-6 record for seventh and the Aggies brought up the rear with an 0-7 slate.

Rice exploded for 21 points in the second quarter and then held on at the end to whip the Bears, who finished the season 2-9 after a winless year in 1969.

Concerning his finale as the Rice head coach, Hagan said "It is gratifying to wind up with a victory. This was a great win for a great bunch of men, our Rice players. They came back after a slow start, but they did come on strong to win. This is what they've done the past three weeks..."

Taylor said his successor at TCU would "inherit a good football team next year. I'm not saying this to put anybody on the spot...I felt this way...And I made this statement previously that this is the best material to come to TCU since the 1950s when we were winning."

Taylor said TCU was on an up cycle. He said the two successive banner freshman teams plus the return of the 57 players from this team should make for a winning team next season.

Taylor said he was told by an unidentified TCU official that he must win eight games this year to remain at TCU.

"I told him we could not win that many games. I do think we should have won more games than we did," Taylor said.

## UCLA Again Rates Tops in Cage Polls

LOS ANGELES (AP) — The No. 1 national ranking given his UCLA Bruins in college basketball is logical says Coach John Wooden who quickly adds: "Being evaluated on the top is nice, but only playing keeps them there."

The Associated Press' preseason poll Sunday of broadcasters and sports writers nationwide made the Bruins, seeking an unprecedented fifth straight NCAA championship, the overwhelming choice in the new season that opens Tuesday.

"With four returning starters from our NCAA championship squad of last year, it is logical we should be picked again. A number of other teams, however, are exceptionally strong but most years the vote will go to the defending champions," Wooden says.

"I'm very pleased with our squad but there is no way actually of evaluating the comparative strengths of teams before games have been played."

UCLA opens its season Friday night here against Baylor.

Twenty-two of 28 first-place votes and a total of 540 points went to the Bruins.

South Carolina is second with three votes for first and 374 points.

Is Wooden concerned that such acclimation might make his team overconfident? "I don't think so," he said. "Subconsciously, they might think they're the best but being forewarned is being forearmed and I do everything in my power to forewarn them."

Sidney Wicks, a 6-foot-8 forward, leads returning Bruins from last year's team. UCLA has lost only four of its last 120 games and has won 24 straight NCAA playoff contests.

Rounding out the Top Ten behind second-ranked South Carolina are Kentucky, Jacksonville, Notre Dame, Marquette, Southern California, Villanova, Western Kentucky and Drake.

One first-place vote each went to Kentucky, Marquette and Villanova.

Rounding out the Top Twenty, in order, were Pennsylvania, Utah State, Duke, Kansas, New Mexico State, Indiana, Houston, Long Beach State, North Carolina State, and St. Bonaventure.

The top 20 with first place votes in parentheses and total points on the basis of 20 for first, 18 for second, 16, 14, 12, 10, 9, 8, etc.:

1. UCLA (22)	540

## Duck Calling Champion

STUTTGART, Ark. (AP) — Eddie Holt, 21, of Little Rock won the Champion of Champions trophy awarded every five years at the World Championship Duck Calling contest here Saturday.

The contest is sponsored each year by the Stuttgart Chamber of Commerce.

Holt, a banker, also became the second three-time winner of the world championship in the 35-year history of the contest.

Jon Mark Erstine, 14, of Stuttgart placed second in the contest and was the winner of the state championship.

## Irish Find Lightning Strikes Twice

By HERSCHEL NISSENSON  
Associated Press Sports Writer

If you're one of those people who think lightning never strikes twice in the same place, take a close look at the Los Angeles Coliseum one of these days.

Lightning in the form of the Southern California football team exploded fourth-ranked Notre Dame's perfect season 38-28 Saturday, exactly six years to the day after the 1964 Trojans turned back Ara Parseghian's first Notre Dame squad, which also had a 9-0 record.

"This one game was our whole season," moaned defensive back Ralph Stepaniak.

"Nine games don't mean a thing if you miss that 1st one."

The Trojans, with a mediocre 5-4-1 record going in and coming off a 45-20 shellacking at the hands of UCLA, jumped in front 21-7 in the first period on two short runs by Clarence Davis and Sam Dickerson's remarkable catch of Jimmy Jones' 49-yard pass.

They sewed it up early in the third period when offensive tackle Pete Adams recovered a USC fumble in the end zone and 42 seconds later defensive John Vella fell on a Joe Theismann bobble in the rain and mud.

That made it 38-14 and started a late comeback as Theismann completed 33 of 58 passes for 526 yards-28 short of the NCAA record-and two touchdowns. He scored Notre Dame's other two TDs.

"It doesn't make any difference if you lose by one or 50 points," said Parseghian. "And the only way you can be comfortable is to have a 40-point lead. I expected it to be only a moderate scoring game. They just had their day. Everything went right for them. Pride is a great motivating force. How much chance would have you given USC after its performance against UCLA last week?"

Notre Dame, the country's seventh best rushing team, was held to 31 yards on the ground. The Irish get their chance for revenge in the Cotton Bowl against the Texas-Arkansas winner. If Arkansas beats Texas, the Cotton Bowl won't have the nation's No. 1 team ... and wouldn't that be a revolting development in Dallas?

Two more bowl berths were filled over the weekend, leaving the Orange Bowl with the only open spot ... and even that is taken on a conditional basis.

Louisiana State, ranked sixth in the Associated Press rankings, downed Tulane 26-14 and the losers promptly took a bid to play Colorado in the Liberty Bowl. Despite the setback, Tulane finished its regular season with a 7-4 mark and its first bowl bid since 1940.

LSU, meanwhile, got one of the two victories it needs to nail down the remaining Orange Bowl opening against Nebraska. Another win over Mississippi this weekend will do it.

Elsewhere, 16th-ranked Georgia Tech whipped Georgia 17-7 and cost the Bulldogs a shot at the Peach Bowl, which was quickly filled by North Carolina. Ironically, UNC is coached by Bill Dooley, younger brother of Georgia's Vince.

Sugar Bowl-bound Tennessee, rated seventh, breezed past Vanderbilt 24-6 and No. 11 Auburn, down 17-0 in the first period, rallied on the passing of Pat Sullivan to nip Alabama 33-28 in a battle of bowl teams.

In the traditional service class, Navy used Bob Elfein's 49-yard run, Mike McNallen's two-point conversion pass to Karl Schwelm and Roger Lanning's 33-yard field goal to turn back Army 11-7. The game drew 95,151, the first sub-100,000 crowd in the 32-year history of the series in Philadelphia.

Two outgoing Southwest Conference coaches left with victories. Rice beat Baylor 33-28 for Bo Hagan and Texas Christian defeated Southern Methodist 26-17 for Fred Taylor.

Elsewhere, Oklahoma buried Oklahoma State 66-6, Iowa State upset San Diego State 28-22, Miami, Fla. stunned Florida 14-13, Boston College completed Holy Cross' winless season: 54-0, Memphis State upended Cincinnati 14-10 and Louisville struggled past Wichita State 34-24.

In the big money race of the day, Hobau Farm's Never Bow, ridden by Eddie Belmonte, ran a mile in 1:35 4-5 for a 1¼-length victory over Gleaming Light in the \$60,700 Stuyvesant

## Watch Fob Churchill Downs Winner

By ED SCHUYLER JR.  
Associated Press Sports Writer

Dust Commander, the Kentucky Derby winner, was on hand as Churchill Downs closed down until next Derby time, but the day belonged to a 5-year-old horse in the field of eight, won the \$27,475 Clare Handicap by a length over Spud, with Dust Commander third, as the Downs closed its fall meeting Saturday.

Watch Fob, owned by C.V. Whitney and ridden by Danny Gargan, ran the 1¼ miles in 1:51 1-5 and paid a winning mutuel of \$18.80.

In the big money race of the day, Hobau Farm's Never Bow, ridden by Eddie Belmonte, ran a mile in 1:35 4-5 for a 1¼-length victory over Gleaming Light in the \$60,700 Stuyvesant

## Tarkenton Makes Those Third Downs

By KEN RAPPOPORT  
Associated Press Sports Writer

Pay attention, now. Professor Francis Asbury Tarkenton is giving lessons on how to win football games.

"You've got to play third down football," says Tarkenton, the New York Giants' game-wrecking quarterback. "If you don't make your third downs, you might as well go home."

Believe it.

Tarkenton made good on five straight third down plays during three touchdown drives and the Giants scrambled to a 27-24 victory over Washington Sunday that kept their title hopes alive in the National Football League.

The Scrambler's giant effort kept the pressure on St. Louis, which has a 1½-game lead in the National Conference's frantic Eastern Conference race with New York and Dallas.

The Cardinals, with bomb-throwing Jim Hart pulling the trigger, spanked the Philadelphia Eagles 23-14 to give them an 8-2-1 record. The Giants and Cowboys are both 7-4.

Los Angeles' revitalized Rams sandblasted San Francisco 30-13 and pulled into a tie with the 49ers for first in the NC's Western Division race; Baltimore cemented its hold on the American Conference Eastern battle with a 21-20 success over Chicago and Kansas City tied Oakland for the AC West with a 26-14 pasting of San Diego.

The AC Central Division was thrown into a three-team tieup with the day's results. Pittsburgh clouted Cleveland 28-9 and Cincinnati knocked off New Orleans 26-6 and now the Steelers, Browns, and Bengals are tied for first with a 7-3 record.

The New York Jets rained on a planned Minnesota champagne party Sunday with an upset 20-10 victory that delayed the Vikings' clinching the NC Central Division.

Boston bounced Buffalo 14-10 and Houston whipped Denver 31-21 in Sunday's other games.

Tarkenton, a hard man to pin down, hyped new life into the Giants, who were stunned last week by Philadelphia.

On an early third down play, The Scram fumbled the snap from center, but grabbed the ball off the ground and shoveled an underhand toss to fullback Tucker Frederickson for a four-yard gain that kept the touchdown drive alive.

Later, in another third down situation, Tark wheeled and dealt under the fire of a fast-closing Redskins line. He ducked, squirmed and twitched away from the enemy, then sailed a pass to the five-yard line that set up a TD on the next play.

In the three scoring drives, Fran hit 13 of 14 passes.

Hart led the Cards back from a 7-6 Philadelphia halftime lead, tossing two touchdown strikes within 38 seconds of the third period. The scores helped St. Louis withstand a late Norm Snead aerial attack.

Los Angeles rammed defense down San Francisco's collective throats in its comeback from a 13-6 halftime deficit. The contest gave the Rams and 49ers identical 7-3-1 records.

John Unitas rallied Baltimore after throwing three interceptions that gave Chicago a 17-0 lead. His 54-yard TD pass to John Mackey with 3:47 left was the clincher. It gave Baltimore, 8-2-1, a two-game lead over Miami 6-4.

Kansas City used Len Dawson's two touchdown passes and Jan Stenerud's four field goals to beat San Diego and post a 6-3-2 mark, same as Oakland's.

Terry Hanratty and Terry Bradshaw fired three touchdowns between them for Pittsburgh and Cincinnati's defense set up three Horst Muhlmann field goals.

George Nock had his best game ever, carving out 117 twisting, skittering yards for New York and the Jets out-defended Minnesota's Purple Gang.

Boston capitalized on two pass interference calls and scored touchdowns, breaking a nine-game losing streak and Charley Johnson hooked up with Jerry Leivas on two TD passes for Houston.

Handicap. Protanto was third.

Never Bow, carrying 114 pounds, the same as Gleaming Light, paid \$5.20 as part of an entry with Alan Magerman's George Lewis, 123, the early pace setter. The winner and George Lewis are trained by Alan Jergens.

Four Henderson State football players were named to the 1970 All-AIC team. Heading the list was Stan Parris, who made the squad at defensive back four years in a row. Parris is a senior from Hope.

Others were defensive linebacker Ron Braddock of Callahan, Fla. who served as co-captain with Parris; Danny Howard, Diarks, defensive end and Tom Hogan of Wheelington, W. Va., offensive tackle.

During this Limited Enrollment Period, you can enroll yourself and all eligible members of your family simply by mailing the Enrollment Form below with \$1. There's nothing else to do - but you must mail your Enrollment no later than Midnight, Dec. 6, 1970!

Think of it. Now, with a stroke of your pen, you can have tax-free, expense-free extra cash paid direct to you when a sudden accident or unexpected illness hospitalizes you or a covered member of your family! And you may enroll during this Limited Enrollment Period without having to see a company representative and without any red tape whatsoever. All you need do is mail the Enrollment Form below together with just \$1 before the expiration date. It's that easy!

**Why You Need Extra Cash**  
In Addition To Ordinary Hospital Insurance  
Anyone who has been in the hospital recently knows ordinary hospital insurance—even Medicare—simply will not cover everything. You have to pay many "extras" out of your own pocket—and it can add up to hundreds of dollars in a frighteningly short time. But even if your ordinary hospital insurance covers most of your medical and hospital bills, what about the bills that keep piling up at home?

If you, as husband, father and breadwinner are suddenly hospitalized, your income stops, your expenses go up. Even if you have some kind of "salary insurance" it probably won't come close to replacing your full-time pay.

If your wife is suddenly hospitalized, who will look after the family, do the laundry, the marketing, the cleaning? You may have to take time off from your job—or hire full-time domestic help—to take care of things at home.

If one of your children is suddenly hospitalized, you will certainly spare no expense. You wouldn't even think of the cost.

If you're over 65 and are suddenly hospitalized, Medicare, fine as it is, won't pay all of your hospital expenses or any household expenses. Most senior citizens won't want to use up savings they may have taken a lifetime to accumulate... they want to retain their independence and not become a "burden" to their children or community.

Without "extra cash" protection, a hospital emergency may leave you with savings gone, debts you can't pay, peace of mind shattered—even your recovery can be seriously delayed by money worries!

**How The Plan Protects You And Your Family**  
Now, with the unique "extra cash" protection of The Doctors Hospital Plan you can avoid these worries because you can be assured of extra cash income when you or any covered member of your family goes to the hospital. No matter how large your family, no matter what your age or occupation and without any qualifications whatsoever, you can choose any of the four low-cost plans shown at right to meet your family's special needs.

In addition to the "extra cash" hospital benefits, you get all these valuable "extra" features:

## Your "Health-Bank Account" Grows Each Month

Here's a wonderful benefit, no matter which plan you choose—almost like having an extra "Bank Account." When your policy is issued, your insurance provides up to \$10,000, \$7,500, or \$5,000—depending upon the plan you choose. This is your "Health-Bank Account."

Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month) is actually added to your maximum! When you have claims, your benefits are subtracted from your "account." It's much like putting money in and taking it out of a bank account.

## Enjoy Life-Long Security

For as long as you live and continue to pay your premiums, we will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal or modify all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid.

## You May Actually Come Out "Money Ahead"

Because The Doctors Hospital Plan pays you in addition to any other company's health insurance you carry—individual, group or even Medicare—and because all your extra cash benefits are tax-free, you may leave the hospital many dollars ahead... money you don't have to account for to anyone. Of course, you may have only one like policy with Physicians Mutual.

## Enroll For Only \$1

Regardless of your age, the size of your family, or the plan you select, you get your first month for only \$1.00. If you choose the All-Family Plan—all your eligible children (including future additions) are included at no extra cost. (See box at right for low rates.)

## Extra Cash Protection At Surprisingly Low Cost

How can a hospital plan offer so much for so little? The answer is simple: We have lower total sales costs. The Doctors Hospital Plan is a mass enrollment plan. All business is conducted between you and the company by mail. No salesmen will call. It all adds up to real savings we share with you by giving you high quality protection at low cost.

## Offered By Physicians Mutual "The Doctors Company"

## CHOOSE THE PLAN THAT SUITS YOU BEST

### INDIVIDUAL PLAN \$5,000 MAXIMUM

### ALL-FAMILY PLAN \$10,000 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized. \$75 weekly (\$10.71 daily) when your wife is hospitalized. \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

If you're a young, growing family, we recommend the All-Family Plan. All your children (including future additions) between 3 months of age and under 21 are included at no extra cost as long as they are unmarried and live at home.

You pay only \$7.95 a month and you get your first month for only \$1.00!

### HUSBAND-WIFE PLAN \$7,500 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized. \$75 weekly (\$10.71 daily) when your wife is hospitalized.

If you have no children, or if your children are grown and no longer dependent on you, you will want the Husband-Wife Plan.

You pay only \$6.45 a month and you get your first month for only \$1.00!

### ONE-PARENT FAMILY PLAN \$7,500 MAXIMUM

PAYS YOU: \$100 weekly (\$14.28 daily) extra cash when you are hospitalized. \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

If you are the only parent living with your children, we suggest the One-Parent Family Plan. This plan has been tailored to help meet your particular needs. It covers you and all unmarried children living at home between 3 months of age and under 21.

You pay only \$5.95 a month and you get your first month for only \$1.00!

On all plans, your "extra cash" benefits are paid from the very first day you enter the hospital, for as long—and for as many times—as you are hospitalized, right up to the maximum (Aggregate of Benefits) of the plan you select.

Naturally The Doctors Hospital Plan will cover any new accident or sickness. New accidents are covered immediately. After your policy is 30 days old, you are covered for new sicknesses which begin thereafter. There are only these minimum necessary exceptions: pregnancy or any consequence thereof

(unless you have the All-Family Plan or the Husband-Wife Plan, each of which covers maternity after the policy is in force for 10 months), war, military service, mental disorder, alcoholism or drug addiction, or conditions covered by Workmen's Compensation or Employers Liability Laws.

You are free to go to any lawfully operated hospital of your own choice, with these exceptions only: nursing homes; convalescent, extended-care, or self-care units of hospitals; or Federal hospitals.

automatically puts your policy in force. Along with your policy you will receive a simple, easy-to-use Claim Form. When you need your benefits, you can be sure that your claim will be handled promptly.

## Protect Your Family - Enroll Now. If Not Satisfied Your \$1 Will Be Refunded

Take a moment now to fill out your Enrollment Form and mail it with only \$1.00 for your first month. When you receive your policy, you'll see that it is honest and easy to understand. But if for any reason

## SPECIAL EXTRA BENEFITS!

Whichever plan you choose, you get:  
**50% INCREASE IN YOUR CASH BENEFITS**... if you or any member of your family is hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).

If you choose the All-Family Plan or the Husband-Wife Plan, you get in addition:

**DOUBLE CASH BENEFITS** if both you and your wife are injured and hospitalized at the same time: You get twice the amount—\$350 A WEEK! Important: Here is another real "plus"—if you have been told that anyone in your family is "uninsurable!" Even if one of your covered family members has suffered from chronic ailments in the past—ailments that come back again and again, or are likely to recur—you will be covered for these pre-existing conditions after your policy has been in force for one year!

## IF YOU ARE OVER 65

Even though Medicare will pay most of your hospital expenses it will not cover all of your needs. During this limited enrollment, you can get the extra cash protection needed during the high-risk senior years without any qualifications just by using the form below!

It's a fact that people over 65 go to hospitals more often and have larger hospital bills. That's exactly why they need extra cash protection! And that's why some hospital plans won't accept them or charge rates beyond their means. But The Doctors Hospital Plan not only accepts you regardless of age, it gives you easy-to-carry protection that is within your means. If you are over 65 now, or when you become 65, the following modest monthly additional rate applies:

Female on All-Family or Husband-Wife Plan	\$2.50
Female on One-Parent Family or Individual Plan	3.50
Male on any Plan	3.50

son whatsoever you change your mind you may return your policy within 10 days and we will promptly refund your dollar.

**IMPORTANT:** We can only accept your enrollment if it is postmarked on or before the date shown below. But please don't wait until the last moment. The sooner we receive your form, the sooner The Doctors Hospital Plan will cover you. You risk nothing by acting promptly. You may lose hundreds of dollars in "extra cash" benefits through needless delays. Mail your enrollment form today!

## 19 Important Questions Answered ABOUT THE NEW DOCTORS HOSPITAL PLAN

### 1. What is The Doctors Hospital Plan?

The Doctors Hospital Plan is a brand-new, low-cost health protection plan—that pays extra cash direct to you when a covered accident or illness hospitalizes you or a covered member of your family.

### 2. Why do I need The Doctors Hospital Plan in addition to my regular insurance?

Probably your present hospital insurance won't cover all your hospital expenses, but even if it does, you will still need help to cover all your household expenses when you are hospitalized.

### 3. Can I collect even if I carry other health insurance?

Yes, The Doctors Hospital Plan pays you in addition to any health insurance you carry, whether individual or group—even in addition to Medicare! And all your benefits are tax-free! Of course, you may have only one like policy with Physicians Mutual.

### 4. Is there a lot of red tape to qualify?

None at all. Your only qualification is to complete and mail your Enrollment Form by the deadline date shown.

### 5. Which plan should I choose?

You may choose any of four low-cost plans—you can actually select the exact plan that suits you best! If you live by yourself, or wish to cover only one family member, choose the INDIVIDUAL PLAN. If you have no children as yet, or if you have children who are grown and no longer dependent on you, you will want the HUSBAND-WIFE PLAN.

If you're a young, growing family, we recommend the ALL-FAMILY PLAN. You and your wife are covered at once for accidents, for new sicknesses after 30 days, and for maternity benefits after 10 months. All your children (and future additions) between 3 months and under 21 are included, at no extra cost, as long as they are unmarried and live at home.

If you are the only parent living with your children, we suggest the ONE-PARENT FAMILY PLAN. This covers you and all unmarried children living at home between 3 months of age and under 21.

**6. If I become hospitalized, when do my benefits begin?**  
On all plans, your cash benefits are paid from the very first day of covered hospital confinement, for as long—and for as many times—as you are hospitalized, up to the maximum (Aggregate of Benefits) of the plan you choose.

### 7. How much can I be paid?

Each plan has its own "Aggregate of Benefits," what we call the maximum.  
For example, under the INDIVIDUAL PLAN, the

maximum is \$5,000—\$100 weekly (\$14.28 daily) when you are hospitalized.

Under the HUSBAND-WIFE PLAN, the maximum is \$7,500—\$100 weekly (\$14.28 daily) when you are hospitalized; \$75 weekly (\$10.71 daily) when your wife is hospitalized.

Under the ALL-FAMILY PLAN, the maximum is \$10,000—\$100 weekly (\$14.28 daily) when you are hospitalized; \$75 weekly (\$10.71 daily) when your wife is hospitalized; \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

Under the ONE-PARENT FAMILY PLAN, the maximum is \$7,500—\$100 weekly (\$14.28 daily) when you are hospitalized; \$50 weekly (\$7.14 daily) for each eligible child hospitalized.

### 8. Are any additional benefits included in The Doctors Hospital Plan?

Yes. You receive a 50% increase in cash benefits if you or any covered family member is hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).

### 9. What are the "double" cash benefits?

If you and your wife are both injured and hospitalized at the same time and are covered by the ALL-FAMILY PLAN or the HUSBAND-WIFE PLAN, you get double cash benefits. You get twice the amount—\$350 A WEEK!

### 10. Does this plan pay in any hospital?

You will be covered in any lawfully operated hospital except nursing homes; convalescent, extended-care, or self-care units of hospitals; or Federal hospitals.

### 11. When does my policy go into force?

It becomes effective the very same day we receive your Enrollment Form. New accidents are covered on that date. After your policy is 30 days old, new sicknesses which begin thereafter are covered. Under the ALL-FAMILY PLAN and the HUSBAND-WIFE PLAN, childbirth or pregnancy or any consequence thereof is covered after your policy is in force for 10 months.

### 12. What if someone in my family has had a health problem that may occur again?

Even if one of your covered family members has suffered from chronic ailments in the past, pre-existing conditions are covered after the policy has been in force for one year.

### 13. What conditions aren't covered?

Only these minimum necessary exceptions: pregnancy or any consequence thereof (unless you have the ALL-

FAMILY PLAN or the HUSBAND-WIFE PLAN), war, military service, mental disorder, alcoholism or drug addiction, or if something happens "on the job" and is covered by Workmen's Compensation or Employers Liability Laws.

### 14. Can I drop out any time? Can you drop me?

We will never cancel or refuse to renew your policy for health reasons—for as long as you live and continue to pay your premiums. We guarantee that we will never cancel, modify or terminate your policy unless we decline renewal or modify all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid. You, of course, can drop your policy on any renewal date.

### 15. Why is The Doctors Hospital Plan almost like having an extra "bank account"?

When your policy is issued, your insurance provides up to \$10,000, \$7,500 or \$5,000—depending upon the plan you choose. This is your "Health-Bank Account." Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month) is actually added to your maximum. When you have claims, benefits are subtracted from your "account!"

### 16. Will my claims be handled promptly?

Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks sent directly to you.

### 17. Why are the premiums so low?

With The Doctors Hospital Plan, you actually get all these benefits—at such a low cost—because this is a mass enrollment plan—and no salesman will call. Our volume is higher and our total sales costs are lower.

### 18. How much does my first month cost?

Only \$1.00, regardless of your age, the size of your family or the plan you select. After the first month, if you are under 65, you pay: only \$3.95 a month for the INDIVIDUAL PLAN; only \$6.45 a month for the HUSBAND-WIFE PLAN; only \$7.95 a month for the ALL-FAMILY PLAN; only \$5.95 a month for the ONE-PARENT FAMILY PLAN. (When you are over 65, premiums increase. See modest increase in box above.)

### 19. Why should I enroll right now?

Because an unexpected sickness or accident could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.

## Census Shows 204.7 Million Population

WASHINGTON (AP) — The Census Bureau, releasing final figures on the 1970 census, said today the total population of the United States as of April 1 was 204,765,770.

The figure includes U.S. servicemen stationed abroad and federal employees overseas.

As a result of the new census, California will gain five seats in the House of Representatives.

Representation in the House is based on population.

The bureau said the five-seat gain by California will move it into the lead among the states and in House representation, with 43 members.

New York will lose two seats as a result of the census, dropping it to second place with 39 representatives.

Also gaining seats are Florida, three; and Arizona, Colorado, and Texas, one each.

Pennsylvania will lose two seats and Alabama, Iowa, North Dakota, Ohio, Tennessee, West Virginia and Wisconsin will lose one each.

The new apportionment of House seats will be effective with the 93rd Congress which convenes in January 1973.

The Census Bureau said California gained 4.2 million in population in the last decade, the largest of any state. Florida gained 1.8 million, Texas 1.6 million and New York 1.4 million.

The bureau said the 1970 resident population, excluding U.S. servicemen abroad, was 203,184,772. In 1960, the resident total was 179,323,175.

## Academy Head to Resign

HOLLYWOOD (AP) — Margaret Herrick, executive director of the Academy of Motion Picture Arts and Sciences, announced today she is resigning for health reasons.

Mrs. Herrick, born in Spokane, Wash., was the academy's librarian before being named executive director in 1943.

## Court Ruling Favorable to Soldier

LITTLE ROCK (AP) — The Arkansas Supreme Court ruled today that the statute of limitations did not bar Abraham Lopez from seeking damages since he was in U.S. military service in Vietnam when the limitation would have applied.

Lopez filed suit in Clark County Circuit Court to recover for damages to his personal property and injuries to his wife and child.

His wife and child were injured when his car, driven by Mrs. Lopez, was involved in a collision with another automobile Aug. 12, 1967. The driver of the other car, James B. Waldrum, was killed.

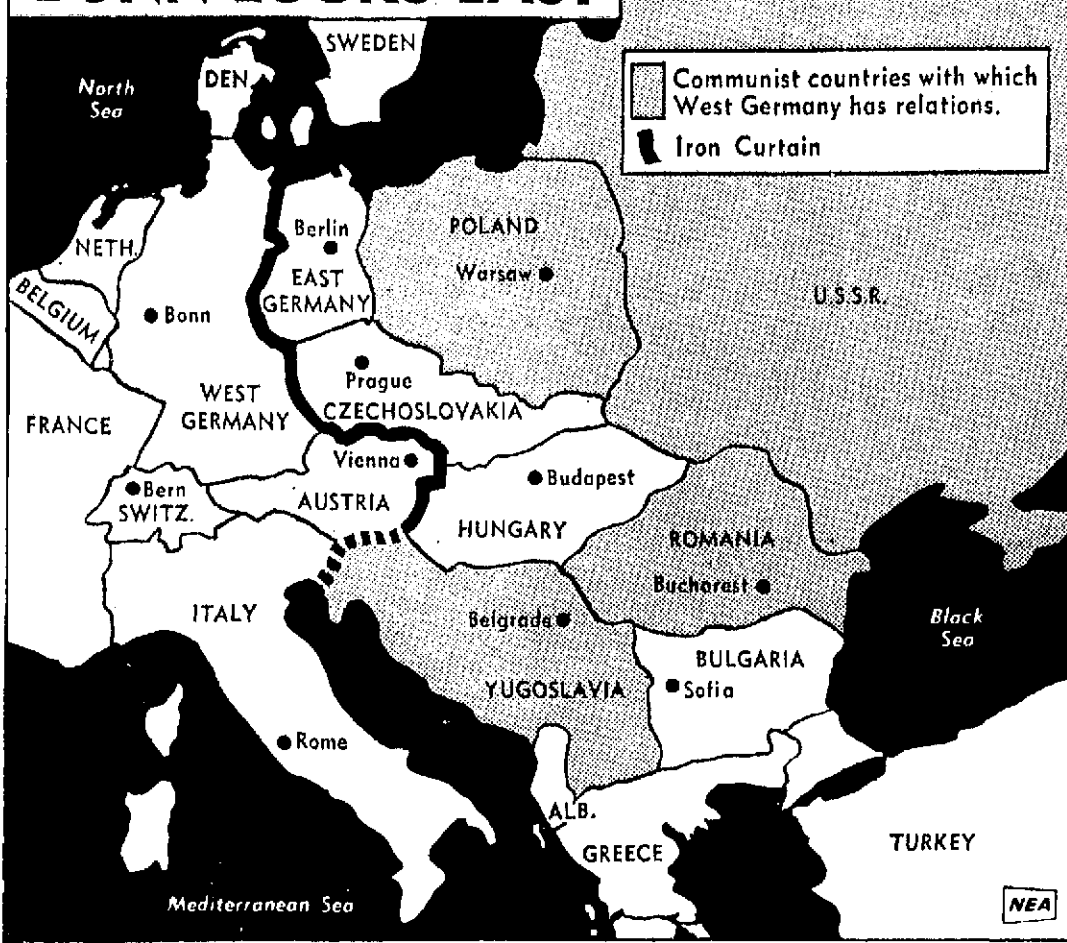

Waldrum's widow published her first notice to creditors on Sept. 14, 1967. Lopez did not return to the United States until April 4, 1968, which was after the six-month period following notice to creditors in which damage suit action normally must be filed to be valid.

The Supreme Court, in an opinion by Associate Justice John A. Fogleman, held that the wife and child of Lopez had lost their right to seek recovery for damages by failing to file within the six-month period, but the ruling said the limitation did not apply to military personnel on duty in foreign lands.

Establishment of diplomatic relations with Poland is the latest step in West Germany's "Drang nach Osten" (Drive to the East), Bonn's postwar version of a traditional German policy that under the Kaiser and Hitler troubled Europe for generations. Bonn's slow reweaving of ties with the once-occupied nations of Communist Eastern Europe began with the Soviet Union and Yugoslavia in the 1950s, followed by Romania.

## AMA May Reverse Long Standing Ban Against Federal Assistance

### Governors Shun Revenue Sharing Issue

SOUTHERN PINES, N.C. (AP) — Welfare reform and federal revenue-sharing may become major topics of discussion by the national Governors' Conference in February if Gov.-elect Milton J. Shapp of Pennsylvania has his way.

Shapp tried to stir up some strong action on both issues during an orientation seminar for new governors at Southern Pines over the weekend. But veteran governors put a damper on his attempts by saying the nonpolitical gathering was not the time or place for policy-making.

"It just wasn't in the cards," Shapp told reporters. "Nobody came down here prepared to discuss the issues and take stands."

"But I think a start has been made and I think the voices of state houses are going to be heard more in Washington," Shapp said. "I think that's the consensus among new governors."

"I think we're going to face some real discussions on welfare and revenue-sharing in February," he added.

The national Governors' Conference will hold its annual midwinter meeting in Washington Feb. 23-26.

Shapp emerged as the maverick among the 13 governors-elect at the gathering when he announced to newsmen Saturday that he would try to rally his fellow freshmen governors in a strong attack on President Nixon's economic policies.

## Sarver Would Free Slayer

LITTLE ROCK (AP) — Correction Commissioner C. Robert Sarver said Sunday that in his opinion James Walker should receive consideration for executive clemency.

Sarver said that he would recommend clemency for Walker, but on a purely correctional basis.

Walker is serving a life sentence for the 1963 slaying of a North Little Rock policeman.

"I think he (Walker) has made an effort, a genuine effort, to conduct himself in such a manner in prison that he would be deserving of at least consideration for early release by way of executive clemency," the commissioner said.

Sarver spoke on a program aired by Little Rock television station KTHV.

BOSTON (AP) — Policymakers of the American Medical Association begin today consideration of a proposal to reverse a long-standing AMA ban against doctors accepting federal financial assistance in the practice of medicine.

The proposal came Sunday from the president of the AMA, Dr. Walter C. Bornemeier, at the opening of the organization's 24th clinical convention.

The Chicago surgeon urged acceptance of federal help in providing inducements for doctors to establish private practice groups in the nation's ghettos—so as to give the poor access to medical care "on the same basis as the most affluent citizens."

Up to now, the AMA has okayed acceptance of federal funding assistance only for medical schools.

It has traditionally been opposed to physicians seeking and accepting any such aid to help

## Holiday Death Toll in State Reaches Eight

By THE ASSOCIATED PRESS  
An Associated Press count showed that eight persons were killed on the state's highways during the four-day Thanksgiving holiday weekend.

The toll was the lowest since 1966 when six persons died during the four day period.

The latest victim, Ruth S. Piosso, 60, of Chicago, was killed late Sunday when the car in which she was riding collided with a farm tractor on U.S. 165 near Lake Village.

She was a passenger in a car driven by Kenneth Piosso, 26, also of Chicago. He was hospitalized at Lake Village, police said.

Also killed Sunday was Dana Hooker, 8, of Earle. She was struck by a car on Arkansas 118 near Tyrone (Poinsett County).

Two persons were killed Saturday. They were William Hannebaum, 23, of Alton, Ill., who died when his car slammed into a utility pole on Arkansas 11 at Stuttgart, and Kathryn Williams, 62, of Rogers who was killed in a two-car crash near Rogers.

The other victims were Ronald Burgin, 19, of near De Arc; Hugh Douglas Streets, 21, of Jonesboro; Robert Doyle, 73, of Strawberry (Lawrence County); and Mary Jo Kimbrell, 19, of Mayflower (Faulkner County).

## Israel Names Dayan for Peace Talks

By MARCUS ELLISON  
Associated Press Writer

TEL AVIV (AP) — Defense Minister Moshe Dayan says Israel is ready for unconditional peace talks with the Arabs, but it is not going to give up the Golan Heights, the Gaza Strip and command of the Strait of Tiran.

Speaking to a Labor party rally Sunday night, Dayan listed these territorial goals as Israel's "guidelines" for negotiations, along with a demand for an agreement that no Arab army ever cross the Jordan River to advance on Israel.

But these are not preconditions, Dayan asserted, because the Arabs would not "have to sign their agreement... in advance. We will sit together and discuss these matters."

All the territory listed by Dayan was captured in the 1967 war, along with the Old City of Jerusalem, Jordanian territory on the west bank of the Jordan River, and the rest of the Sinai peninsula west and northwest of the Strait of Tiran.

Israel's determination to retain the Golan Heights, the Gaza Strip and the western shore of the Tiran Strait, between the Gulf of Aqaba and the Red Sea, has been repeatedly stated. Dayan made no mention of Old Jerusalem, but the Israeli government has said a number of times that it would not give that up.

Dayan said Israel wants to negotiate "to examine ways to end the fighting... because there is

## Holiday Accident Toll 623

By THE ASSOCIATED PRESS  
Accidents on the nation's highways over the four-day Thanksgiving holiday weekend killed 623 persons, including nine in a three-car collision on the Pennsylvania Turnpike.

Slick highways and poor visibility caused the fatality rate to rise in some portions of the nation. California reported a record 91 traffic deaths. The state's previous high for a holiday was 84 during the July 4, 1964 weekend.

The National Safety Council had predicted that between 670 and 770 persons would die between 6 p.m. local time Wednesday and Sunday midnight.

Motorists were killed at record pace during the 1968 Thanksgiving holiday when 764 fatalities were reported, according to the National Safety Council.

## Big Welcome for Pope in Australia

By PATRICK O'KEEFE  
Associated Press Writer

SYDNEY, Australia (AP) — With half the world and half his Far East trip behind him, Pope Paul VI became today the first Roman Catholic pontiff to visit Australia. Tens of thousands applauded as he rode through police cordons into Sydney.

Prime Minister John G. Gorton welcomed the frail 73-year-old Pope at the Sydney airport, saying: "Many of us have admired your fortitude in the extensive travels you have undertaken in the old world and the new."

The self-proclaimed "apostle on the move," Pope Paul now has visited every continent during his 7½ years in the Holy See except Antarctica.

His arrival in Sydney followed a gruelling 20 hours during which he flew 5,000 miles from Manila to Samoa, made appearances in American Samoa and the new independent nation of Western Samoa and then flew 2,400 miles to Australia. By crossing the International Date Line twice, he left Manila Saturday night, arrived in Samoa early Sunday, then got to Australia Sunday night.

A spokesman said the pontiff was "very tired" when he left Manila, but he slept all the way to Samoa and stepped briskly and refreshed from his chartered Italian jetliner at Pago Pago.

Security at Sydney was tighter than for any other visitor in the nation's history, including former President Lyndon B. Johnson. Australian authorities wanted no recurrence of the attempt on Pope Paul's life minutes after he arrived in Manila last Thursday, for which a Bolivian artist is charged with attempted murder and assault.

There was no trouble. About 5,000 persons roared greeting at the airport, though officials had expected as many as 50,000. Authorities attributed the lack of people to public fears of massive traffic jams.

The late afternoon sky was clear and sunny as the Pope expressed his friendship to all Australians. "We greet in a special way all the brothers of the Christian churches," he said. Most Australians are Protestant with the 3.3 million Roman Catholics amounting to just over one-fourth of the population.

After a short ceremony at the Town Hall, the Pope said Mass in the Gothic St. Mary's Cathedral. Then he retired for the night to the residence of the papal nuncio.

## Arms Cache Found at Birmingham

BIRMINGHAM, Ala. (AP) — Authorities have uncovered an arms cache big enough an investigator said, "to fight a minor war or a major guerrilla action."

The weapons were found Sunday in a 45-foot van near a trailer park in Bessemer, which borders Birmingham's west side.

Sheriff Mel Bailey of Jefferson County said investigators had "no idea who put them there. It's just a very large cache of weapons evidently to be used once in the hands of some revolutionary or violent group."

Bailey said the arms included hundreds of U.S. Army rifles, a mortar, several hand grenades, ingredients for making bombs, Molotov cocktails cased and ready for lighting, sporting rifles, shotguns, pistols, collectors items such as ancient hunting guns, and crates of dynamite and fuses.

He said authorities were searching for a man who parked the van on the lot more than a month ago. Bailey said officers have learned the man later paid at least two visits to the van.

The sheriff said the cache was discovered by youngsters who pried a padlock off a door of the vehicle.

WASHINGTON (AP) — President Nixon, nagged by persistent evidence of a queasy economy, will gently but firmly nudge labor unions and big business toward cutting back wage demands and prices, sources say.

In an inflation alert to be released this week, the President will single out more specifically than ever the wage settlements Nixon says are inflationary, according to the sources.

The recent agreement signed by the United Auto Workers union after a 67-day strike at General Motors Corp. will be mentioned, as will the continuing contract talks with Ford Motor Co.

Corporations also are urged, the sources said, not to react to wage settlements by passing the extra costs on to consumers, as did GM in announcing price increases for its 1971 model cars.

## Thinks Priests Innocent of FBI Charge

DANBURY, Conn. (AP) — Rep. William Anderson, D-Tenn., says he thinks two Roman Catholic priests imprisoned at the federal penitentiary here are innocent of involvement in a bombing-kidnaping plot which FBI Director J. Edgar Hoover has said they planned to lead.

Anderson declared Sunday the two priests should be allowed to testify about the matter before a federal grand jury and hinted he may ask for a congressional investigation of Hoover's charges.

Hoover said Friday the priests, the Revs. Daniel and Philip Berrigan, were the principal leaders of a conspiracy to bomb underground power lines and kidnap an unnamed high government official. The Berrigans are brothers.

Anderson said he had met with the priests for two hours Sunday and that the conference confirmed "my initial belief that they are not plotters, that they're not involved in this alleged possibly very violent act."

The brothers are serving sentences for destroying draft records. They have issued a statement through their lawyers saying Hoover ought "either to prosecute us or publicly retract the charges he made."

## Weather Is Mild, Chance of Showers

By THE ASSOCIATED PRESS  
Mild weather, accompanied by a few showers and thunderstorms, is expected to continue in Arkansas at least until Tuesday, the National Weather Service says.

The service said a Pacific cold front was expected to push into the state, but it was expected to have little effect on temperatures.

Some showers and thunderstorms were expected to develop in West Arkansas tonight because of the approaching front, the service said.

The forecast calls for mostly cloudy with scattered thunderstorms mostly north half Tuesday. Temperatures were expected to be cooler in the northwest Tuesday morning and over the state by late afternoon.

Lows tonight are expected to be in the 50s to low 60s with highs Tuesday in the 60s northwest to 70s elsewhere.

Dense fog, reducing visibility to zero in many areas, was reported over the state this morning.

Highs Sunday ranged from 71 at Fayetteville to 77 at Fort Smith.

Early morning lows today included 58 at Fayetteville, 55 at Harrison, 51 at Jonesboro, 55 at Pine Bluff, 58 at Texarkana, 52 at El Dorado, 55 at Memphis, 54 at Little Rock and 51 at Fort Smith.

## U.S. Planes Again Hit N. Vietnam

By GEORGE ESPER  
Associated Press Writer

SAIGON (AP) — A U.S. fighter-bomber made another "self-defense" attack on North Vietnam early today, hitting an antiaircraft position 5½ miles north of the demilitarized zone before the gun post could fire on the plane.

Informed sources said the pilot of the F105 Thunderchief learned from his electronic detection gear that he was being tracked by the post's radar and that it had begun computing the point at which to fire.

A U.S. communique said the attack was "protective reaction against an enemy radar-controlled antiaircraft position" and that "protective reaction is the inherent right of self-defense."

It was the first U.S. air attack on North Vietnam reported in a week, since the heavy raids Nov. 21-22. In all previous air attacks on North Vietnam since the bombing halt two years ago, the United States claimed it was retaliating to attacks on unarmed American reconnaissance planes. But after the raids last weekend Defense Secretary Melvin R. Laird broadened protective reaction to include protection for pilots flying strikes against North Vietnamese supply routes through Laos to Cambodia and South Vietnam.

The F105 that made the attack today was on such an attack mission and was not escorting a reconnaissance plane, informed sources said.

The American pilot attacked at night through overcast skies, guided by radar, and the U.S. Command said the results of the attack were not known. It was believed that, because of the weather, the pilot fired radar-guided rockets or missiles.

"There was no damage to U.S. aircraft," said the U.S. communique.

LITTLE ROCK (AP) —When Jimmy Doolittle first began playing for Little Rock Catholic High School, coach George Loss did not know his name. That has changed.

Doolittle, a 5-9, 155-pounder, has been named the quarterback on The Associated Press' All-State team.

"In my opinion, Doolittle is the best quarterback to ever play against Hall ... bar none," said Hall Coach W. W. Keopple. "What he does as an individual is just unbelievable."

During the 1970 season, Doolittle completed 132 of 229 passes for 1,880 yards and 19 touchdowns. He also carried 84 times for 317 yards.

"Other quarterbacks can get people wide open and not hit them, but he puts the ball right where it should be," Loss said. "If the primary receiver is covered, he will find somebody that is open."

North Little Rock, winner of the AAAA championship, and Hot Springs, AAA champion, placed three players each on the team. Jonesboro, which lost to Hot Springs in the AAA final, had two players on the team as did Little Rock Hall, Pine Bluff and Little Rock Catholic.

The members of the team and their schools are as follows:

## Weekend Not Complete Loss for Bucks

By THE ASSOCIATED PRESS

It wasn't entirely a lost weekend for the Milwaukee Bucks.

The National Basketball Association club, coming off Friday and Saturday night losses to the defending champion New York Knicks, regained its form Sunday night by pummeling the expansion Portland Trailblazers 124-111.

In other NBA action Los Angeles crushed San Diego 130-112, Seattle destroyed Atlanta 130-107 and Detroit smacked hapless Cleveland 120-99.

In American Basketball Association play Pittsburgh walloped the Floridians 123-109, New York shelled Texas 129-113, Indiana crushed Denver 130-107 and Memphis overwhelmed Utah 114-92.

It takes four quarters to make a buck—but Milwaukee looked like small change in the closing quarter of its games against the Knicks, taking big leaders into the final periods only to squander them away and lose not only the games but a shot at surpassing New York's NBA record of 18 successive victories. The Bucks had won 16 straight.

The Bucks had no such problems with Portland, holding an eight-point halftime margin then building on it as Lew Alcindor hit 24 of his game-high 33 points in the second half. Rookie Geoff Petrie topped the Trailblazers with 27.

# Mistake Very Rare for Bobby Orr

By THE ASSOCIATED PRESS

When Bobby Orr is good he is very, very good and when he is bad—well, that's unusual.

He made one of his rare mistakes Sunday night—then reverted to form to set up the goal that gave his Boston Bruins a 4-2 National Hockey League victory over Toronto.

In other NHL action New York shelled Pittsburgh 6-2, Philadelphia ripped Vancouver 4-2, California edged Buffalo 2-1, Detroit belted Montreal 5-3 and Chicago smacked Los Angeles 5-3.

"I was trying to shoot the puck out—but it rolled off the end of my stick," said Orr, recalling the play which enabled Toronto to take a brief 2-1 lead in the first period.

He lost the puck behind his own net and the Maple Leafs pounced on it with rookie Darville Sittler slamming it into the Boston goal. "If there had been a hole out there in the ice I'd have crawled into it," Orr smiled.

The Bruins knotted the score in the second period, setting up Orr's redeeming play in the final session. As Boston was killing a penalty, he steamed up ice, eluded two Toronto defenders and slipped the puck to Ed Westfal who broke the tie.

Orr climaxed his comeback with six seconds remaining in the game as he fired a goal into the empty Toronto net after the Leafs pulled goalie Bruce Gamble for a sixth skater in an attempt to salvage a tie.

New York remained two points behind the first-place Bruins in the East Division as six players shook the cords to extend the Rangers' unbeaten home ice streak to 11.

Andre Lacroix, scoreless in 15 games, exploded with a three-goal hat trick for Philadelphia. He also assisted on Jean-Guy Gendron's wrap-up goal for the

netted 41 points and added 16 assists while Wilt Chamberlain was hauling in 31 rebounds as the Lakers pulled away from San Diego in the second half after leading only 52-51 at the intermission. Don Adams scored 28 for the Rockets.

Lenny Wilkins canned 41 for Seattle as the SuperSonics extended Atlanta's losing skain to four games with their third straight victory over the Hawks. Pete Maravich topped the losers with 23 points.

Cleveland absorbed its 11th successive setback and 26th in 27 games as Dave Bing of Detroit hit 27 points and set a Pistons assist record with 1,933. Walt Wesley was the top Cavaliers point man with 23.

# Orioles Are Trying to Make Deals

By DICK COUCH

Associated Press Sports Writer

LOS ANGELES (AP) — If Harry Dalton has his way, the rich will get richer this week during baseball's winter meetings.

"We probably will make at least one deal, and we might make two or three," the front office chief of the world champion Baltimore Orioles said Sunday as officials of the 24 major league clubs and their minor league affiliates continued checking in for the annual conclave, which began with this morning's draft session.

It is possible that Frank Robinson will figure in the Orioles' trading scheme although Dalton denies the 35-year-old slugger is on the block.

"I've said right along that Frank has been a tremendous asset to our ball club and we aren't interested in trading him," Dalton said. "But if anybody got really serious about a major deal that would benefit us greatly, it's conceivable that we would trade Frank."

The talent-laden Orioles are looking for another front line pitcher to supplement their Big Three—Dave McNally, Mike Cuellar and Jim Palmer. They are nine-deep in top-caliber outfielders, giving Dalton a strong suit from which to deal.

California's Andy Messersmith, whose name was linked with Frank Robinson's in persisting trade rumors last season, apparently is no longer available—if he ever was.

Messersmith, a gifted young curveball artist, was slowed by rib and shoulder injuries during the 1970 campaign and won only 10 games for the Angels, working out of the bullpen in the last two months. But Angeles' General Manager Dick Walsh assured the right-hander recently that he will not be traded.

Praying loose a starting pitcher from any club won't be easy

# Saturday Fine But Sunday Not So Good

By THE ASSOCIATED PRESS

Saturday night was "beautiful," said Bill Blakely. "He wasn't saying much on Sunday night."

Blakely took over as coach of the Texas Chapparrals Saturday night and the American Basketball Association team steamrolled Kentucky 142-119 in his debut to snap the Colonels' eight-game winning streak.

But 24 hours later in New York, Blakely's boys reverted to form, losing their 16th game in 24 outings by a 129-113 score to the Nets to remain in the Western Division cellar.

In other ABA action Sunday night Indiana stomped Denver 130-107, Pittsburgh belted the Floridians and Memphis mangled Utah 114-92.

In the National Basketball Association Detroit stopped Cleveland 120-99, Milwaukee mauled Portland 124-111, Los Angeles crushed San Diego 130-112 and Seattle bombed Atlanta 130-107.

New York took the lead in the opening minute of play against the Chaps and slowly pulled away as Lavern Tart pumped in 39 points for the Nets, who moved into a third-place East Division tie with the Floridians.

Ron Boone topped Texas with 24 points.

The Floridians could only get 15 points from Mack Calvin, the league's top scorer, while the No. 2 man, Pittsburgh's John Brisker, paced the Condors with 25. Scoring honors went to Larry Jones of the Floridians with 31.

Seven Indiana players hit double figures with Bob Netolicky and Warren Armstrong leading the way with 21 apiece. Julius Keye had the same amount for Denver but the Pacers ran away with the early leader.

during the week-long meetings. Starters are at premium in both leagues.

Dalton, however, foresees a general upswing in swapping after a general lull that followed the big Denny McLain, Richie Allen, Curt Flood and Tony Conigliaro deals consummated or set in motion during the World Series.

"We've been trying to make a deal since the start of the inter-league trading period," Dalton said. "We've talked to just about everybody, but it's been difficult to get together on anything—more so than a year ago."

"But I think things will start happening now. Everybody likes to wait until they get here. Something with pop before the week is over."

# Fitzgerald Is Coolest Driver Around

By BLOYS BRITT

AP Auto Racing Writer

GAINESVILLE, Ga. (AP) — Jim Fitzgerald is a 41-year-old

missiles expert who seldom if ever gets upset about anything. He also is one of the coolest

race drivers around.

Fitzgerald and 21 other drivers won national class championships in the Sports Car Club of America scheme of things at Road Atlanta during the weekend, pulling 26,000 spectators to the hilly, 11-turn course in northeast Georgia.

It was the annual season-end American Road Race of Champions and it involved 462 drivers from the thousands who compiled more than three million miles of competition of SCCA's seven geographic divisions. For the racing fans, the two days and 16 events produced thrills by the hundreds—and Fitzgerald was one of the stars of the show.

The stockily built Irishman, a racer for 13 years when he isn't supervising missiles' systems for Western Electric at Winston-Salem, N. C., won the championship for D-production sedans in a brilliant duel with Carl Swanson of Hawthorne, Calif.

The margin of victory for Fitzgerald was five-tenths of a second, and this separation was typical of two or three of the other 30-minute sprints.

Skip Barber, a classy long-time winner from Carlisle, Mass., was the only driver to win two titles — formula B and formula Ford — and both were narrow victories.

The other champions are: Class C sedans, Ed Spreen, Hackensack, N.J., Alpha Romeo; Class D sedans, Craig Fisher, Toronto, Canada, Fiat-Abarth; G-production, William Koch, Columbus, Ohio, MG midjet; Formula Vee, Harry Ingle, Charlotte, N. # Lee May Play Tuesday Night

FAYETTEVILLE, Ark. (AP) — Doctors at Fayetteville said Sunday that Arkansas basketball star Almer Lee would be able to play in the Razorbacks' season opener Tuesday night against Missouri.

Lee underwent surgery Saturday to repair the broken nose he received in an Arkansas freshman - varsity game Wednesday night.

Lee took part in a practice session Sunday night and Coach Lanny Van Eman indicated the 6-1 junior may start against Missouri. Lee is the only returning starter to the Razorback roster. He averaged 17 points a game last season.

## Red Leaders to Talk Over Berlin Policy

By HUBERT J. ERB  
Associated Press Writer  
BERLIN (AP) — Communist party and government leaders of the Soviet bloc will meet in East Berlin, probably later this week.

ADN, the East German news agency, and Pravda, the Soviet Communist party newspaper, announced today that "leaders of fraternal parties and the governments of the states of the Warsaw Pact will be held in Berlin in the beginning of December."

It was believed that the leaders of the Soviet Union, East Germany, Poland, Czechoslovakia, Hungary, Romania and Bulgaria would attempt to reach agreement on a unified approach to West Germany's Eastern policy: its new pact with the Soviet Union and Poland, pending negotiations with Czechoslovakia and most of all the West German government's demand for an easing of Communist restrictions on West Berlin before the Bonn parliament ratifies such treaties.

For three days the East Ger-

mans have been stopping traffic to and from West Berlin from time to time to demonstrate their opposition to a meeting in the city today and Tuesday of the West German Christian Democratic party.

Pyotr Abrassimov, the Soviet ambassador to East Germany, protested the meeting in a statement Friday, and the U.S., British and French ministers in West Berlin rejected the protest Sunday night. They said raising tensions in and around the city could jeopardize the Big Four talks on Berlin that resume Dec. 10.

It is the first time that Communist harassment of Berlin traffic has been prompted by political party meetings in the city. Previously the East Germans reserved such tactics to protest meetings in West Berlin sponsored by the West German government or parliament because they demonstrated the Bonn's government ties with the isolated city.

The Warsaw Pact meeting in East Berlin also is unprecedented, being the first summit gathering the alliance has held in the East German capital. Allied observers believed the Russians did not want to go that far in pushing East German sovereignty in the face of Western claims that the Big Four occu-

## Fog Hampers Search for Missing Plane

SAIGON (AP) — Heavy clouds and fog hampered rescue aircraft today searching for a U.S. transport plane missing since Friday with six Americans and 73 Vietnamese aboard.

Contact was lost with the C123 shortly after it took off from a base in the central highlands. Heavy clouds have prevented aircraft from making a thorough search since then.

The crew of five Americans carried an emergency radio to broadcast their position if they crashed, but aircraft flying above the clouds have been unable to pick up a signal.

The C123 also carried one American military passenger. The Vietnamese aboard included 58 soldiers and 15 military dependents—seven women and eight children.

pation powers are still responsible for all of Berlin.

It was believed that the meeting is being held in East Berlin because Walter Ulbricht, the East German leader, is unable to travel. Recent unconfirmed reports said Ulbricht suffered a slight heart attack.

## Tells About Courts

—Bill Wray photo with Star camera  
JUDGE JOHN L. WILSON  
Municipal Judge John L. Wilson told the Hope Rotary Club about the history of the

Monday, November 30, 1970 and Country on Friday, November 27.

Introduced by Rotarian Lester Sitzes, the judge told the club that the Hope Municipal Court was created in 1931 with U. A. Gentry as the first judge. From its inception, Miss Annie Jean Walker has served as court clerk and she continues to hold that position.

The first year the local court levied \$4,585 in fines, and in 1969 that amount had grown to \$146,055. "About 90 per cent of the fines are collected," said Judge Wilson, who is not a full time judge and holds court only once a week. However, his jurisdiction is county-wide and he is voted on by all the people in the county, thus making his title misleading.

A pamphlet describing Girl Scout activities in the local Conifer Council was distributed to the members, and so was a petition protesting the proposed clemency for James Dean Walker, accused killer of a North Little Rock policeman.

Club President C. R. "Dick" Moore invited the club members to an Open House at the Anderson-Frazier Insurance Agency on Wednesday, December 2 to honor Roy Anderson on his 40th anniversary in the insurance business in Hope.
